PROFESSIONAL SUMMARY

Partner and Revenue Operations professional with eight years of experience executing cross-functional programs that drive measurable business outcomes. Proven expertise in developing SQL logic, optimizing sales funnels and building automated systems that scale.

PROFESSIONAL EXPERIENCE

Thryv, Grapevine, TX

Revenue Operations Consultant | December 2022 - November 2024

- Administered partner attribution system connecting PartnerStack, Workato and Salesforce to ensure accurate data flow across Sales, Finance and Marketing.
- Improved forecast accuracy by 40% through systematic data hygiene, stage-to-category mapping, and the enforcement of duplicate management logic.
- Maintained data quality across a Salesforce instance of 5M+ records, developing cross-functional metrics and analyzing cohort behavior to support executive leadership.
- Diagnosed and resolved complex data integration failures in Tray.io via systematic debugging, preventing revenue data loss and maintaining ETL reliability.

Channel Operations Lead & Sales Operations Analyst | March 2020 - December 2022

- Designed PartnerStack-Salesforce pipeline architecture that improved attribution accuracy and reduced operational cycle time by 30%, contributing to \$1.1M in attributed revenue.
- Transformed operations from manual processes to a scalable automated system supporting 5,000+ partners.
- Built segmented Salesforce dashboards tracking pipeline coverage, forecast-to-quota variance, and conversion metrics to provide real-time trajectory insight.
- Administered Market Development Fund program and referral tracking across unlimited chains, coordinating approvals directly with Finance.

Business Systems Specialist | April 2016 - March 2020

- Deployed validation rules and Flows enforcing clean data structures across Opportunity, Account, and Lead objects.
- Coordinated systematic data cleanup and QuickBooks auditing with Sales Operations and Finance, ensuring accurate forecast hierarchies.

Texas Army National Guard, Fort Worth, TX

Information Technology Specialist | March 2005 - March 2011

- Maintained \$250,000+ IT equipment inventory with 100% accountability and delivered 99.9% network uptime for 500+ personnel during combat operations in Iraq.
